ARTur Moon

Pianist, composer and improviser of the young generation, ARTur is the winner of many prestigious piano competitions.

A versatile artist balancing between both classical and improvised music, ARTur shows a surprising way of experimenting with the sounds of the piano, stimulating the imagination and opening the listener's soul and mind to his art.

The idea that guides the work of ARTur is the 'Impression of the Heart' – the belief that real music is formed primarily from intuition and heart. For this exceptional artist, his instrument becomes the entire spectrum of colors and energy as an extension of his mind and imagination.

The key to achieving joy and happiness is inner peace, relaxation and freedom. Oriental motifs, heavenly voices and orchestration with elements of electronic music support the melodies and improvisations created live during the **Chillout Impression** concerts.
